

WANT MORE MONEY AND TIME FOR YOUR HOBBIES?

WORK AS A FREELANCE VEHICLE TECHNICIAN

MEET KRIS, HE'S AN AUTOTECH RECRUIT FREELANCE VEHICLE TECHNICIAN.

When you work for Autotech Recruit you have the flexibility to only work the days you choose. This meant Kris was recently able to attend the Isle of Man TT Sidecar Race 1 with his team, MS Racing.

We know some hobbies can be expensive - our top technicians can earn up to £45,000 per annum and we have contracts waiting to be filled across the UK. Due to the high volume of clients, we can keep you busy throughout the year.

It's so easy to become one of our team. Our experienced recruitment consultants will help you move from permanent to freelancing and once you are fully registered you could be out working the very next day!

WHY BECOME AN AUTOTECH RECRUIT CONTRACTOR?

Established since 2010, Autotech Recruit operates the largest network of freelance vehicle technicians and MOT testers in the country.

Everyone has different reasons for choosing contracting with us over a permanent job. Each case is very personal, but we find that the most common reasons are:

- The **financial benefits** you can see once you start contracting (our top contractors are proven to be earning up to £45,000 per annum)
- You want **more flexibility** to spend time with family or for your hobbies
- You are **unhappy where you currently work and would like to feel more appreciated for your skills**
- You want to be self-employed but would like someone else to take the pressure off by **finding work for you**
- You are at a stage in your career when you **want something different or to work part-time**
- You want to **broaden your experience** within different work environments and brands
- You want to benefit from **training opportunities** that contracting brings

If any of these apply to you, get in touch with us for an informal chat. Our recruitment consultants will answer all your questions and if you decide to join our network, they will help you every step of the way, ensuring that your transition to freelancing is as easy as possible.

"I have been working as a contractor for six years and can honestly say it is the best working decision that I have made. I like the flexibility of being able to work when I want to work and keep my weekends free for family and hobbies."

"Working as a temporary technician allows me to do spontaneous things with my family. I don't have to get involved with the politics of a garage, but I am always treated like one of the lads."

"I am semi-retired but temping allows me to keep my hand in and I can pick and choose when I work."

"I find you get so much more appreciated than working permanently. But the most important thing is that I can spend time with my family and not miss my child growing up."
