
OUR MISSION IS TO KEEP WORKSHOPS RUNNING

As the UK's only specialist agency to supply temporary and permanent vehicle technicians and MOT testers, Autotech Recruit operates the largest network of pre-screened, highly skilled contractors in the country.

Ensuring that the productivity and efficiency of your garage is maintained, we can quickly provide any level of cover in times of staff shortages.

Since our launch in 2010, we have been trusted by dealerships, national retail groups, independent garages, and government organisations across the UK to help keep their workshops running.

We are acutely aware that temporary staff have to comply with our clients' high standards and government regulations, so we thoroughly assess our contract MOT testers and technicians' qualifications and experience.

Also in support of this, we are accredited to carry out MOT and technical courses, which we deliver through our Autotech Training division, helping individuals and businesses gain valuable skills and qualifications.

WE KEEP WORKSHOPS
▶ RUNNING

TEMPORARY MOT TESTERS AND VEHICLE TECHNICIANS

We operate the UK's largest network of pre-screened and experienced contract MOT testers and vehicle technicians, who can provide temporary cover lasting from one day to six months at a time.

Our contractors can provide:

- MOT testing
- Vehicle repairs and service
- Pre-delivery inspections
- Sales/used vehicle preparation

PERMANENT TECHNICAL RECRUITMENT

Our consultants can assist you with permanent technical roles within the automotive industry.

For those who are recruiting a steady stream of permanent vehicle technicians across multiple sites, our bespoke recruitment process outsourcing solution - Hybrid RPO - is just the job. You get the experienced, dependable candidates Autotech Recruit is famous for and you could save up to 74% off fees compared to traditional recruitment methods.
