WE ARE THE EXPERTS IN VTS AUDITS & COMPLIANCE

SKILLS THAT KEEP WORKSHOPS
EST. 2016
RUNNING

WE MAKE SURE YOUR VTS PASSES THE TEST AND IS PROPERLY EQUIPPED FOR THE JOB

When MOT testing is one of your core services, you can't afford to cut corners or fall behind on legislation. You need to be 100% certain you and your team has all the latest knowledge and skills.

PREMIUM VTS AUDIT (one day) FROM £999*

We have teamed up with some of the leading industry experts to deliver our unique full site audit to DVSA standards and full MOT annual training and assessment session for all your MOT testers. This has been developed specifically for the MOT scheme to ensure your VTS is/remains fully compliant, more efficient, and profitable.

The audit will health check your VTS to help improve or maintain your RAG rating and will include an 100 point check including a review of your processes, TQI, staff training, and equipment spot check.

MOT DISCIPLINARY SUPPORT £POA

If the worst happens and you are facing DVSA sanctions, our team of vastly experienced experts are here to help, support and advise with DVSA disciplinary representation. This could include AEC compliance and appeal support/representation.

VTS AUDIT (half day) FROM £499*

Our team of leading industry experts deliver a unique site audit to DVSA standards. This site audit has been specifically developed for MOT scheme to ensure your VTS is/remains full compliant, efficient and profitable.

REMOTE VTS AUDIT FROM £60* PER SITE

By acting as an AEC (Authorised Examiner Consultant) we can ensure that based on your MOT and MOT tester data, you are operating efficiently and within the guidelines. Our system provides an early warning system to AEDMs and site managers and gives an independent check on key metrics, trends, and patterns within your VTS.

MOT MANAGER TRAINING (2 day course) £499*

Our DVSA approved Level 3 Award in MOT Test Centre Management course, developed in collaboration with the DVSA to give learners the skills needed to manage MOT Vehicle Test Centres.

If you installed an MOT bay or purchased an MOT business between 1st April 1995 and 1st April 2016 all AEs (the MOT business) must, unless exempted, have at least one person who has attended an MOT Managers course.
